## Tab's Quote of the Week

"Often the hardest person to forgive is yourself."

## Inclusion Pet Update

Carlos the leopard gecko is a bit unhappy this week because he is due to shed and his eye has been sore. We had to wash his eye with special water and it seems to be helping.

Gibbs the Crested gecko is happy and has enjoyed meeting new students this week, he likes to show off his jumping skills to them.

The snails are still growing and are getting quite big, they are bigger than a kinder egg.

The fish are happy and we have had no fish fatalities. Over Christmas lots of fishlets appeared, they are too small and quick to count.

## Pets

Barney - HB

Randal - BB

Poppy - ZB

## Student and Staff Pets Facts.

### Carly's bearded Dragons

How old are they?

They were born in September, so we believe them to be around 5-6 months.

What are their names?

Izzie and Dora

When did you get them?

Friday 16th December 2022

Why did you get them?

My partner surprised us with them and drove to central London in the evening to pick them up. The children have always wanted them and they are pretty cool to watch!

What do they eat?

Crickets, mealworms, hoppers, vegetables and some fruits

What do they do?

They sunbathe under the heat lamp, they chase their food, they run around and climb the rocks and foliage in their vivarium. They also like to wave and watch you by standing at the very front of the glass!

What is something interesting about them?

They shed their skin quite a lot because they are babies and still growing.
